## Reptiles.—*By Dr. Albert Günther, F.R.S.*

Numerous specimens of a Gecko, *Peropus mutilatus*, were collected by Mr. Gulliver. This small species is not only generally distributed in the Mascarene Islands, but occurs also in numerous islands of the East Indian Archipelago.

Mr. E. Newton has received quite recently a specimen of *Phelsuma cepedianum*, which was caught by Mr. H. E. Desmarais on the 1st of July 1876, in the jungle of Rodriguez. This species is common in Madagascar and almost all the Mascarene Islands, but seems to be very scarce in Rodriguez.

## Fishes.—*By Dr. Albert Günther, F.R.S.*

### A.—Marine Species.

The marine fish fauna of Rodriguez does not differ in any respect from the well-known fauna of Mauritius, the Seychelles, or Zanzibar; and the species collected by the naturalists of the Expedition being not uncommon species, it will be sufficient to enumerate them in the following list:—

*Holocentrum diadema*, Lacép.
„ *spiniferum*, Forsk.
*Serranus hexagonatus*, Forst.
„ *flavocœrulens*, Lacép.
*Mesoprion fulviflamma*, Forsk.
*Dules marginatus*, C. & V.
*Pentapus aurolineatus*, Lacép.
*Mulloides flavolineatus*, Lacép.
*Lethrinus mahsena*, Forsk.
„ *nebulosus*, Forsk.
*Chrysophrys bifasciata*, Forsk.
*Chætodon setifer*, Bl.
„ *lunula*, Lacép.
„ *vagabundus*, L.
„ *lineolatus*, C. & V.
*Holacanthus alternans*, C. & V.
*Heniochus monoceros*, C. & V.
*Psettus argenteus*, L.
*Caranx crumenophthalmus*, Bl.
„ *melampygus*, C. & V.
*Gobius albopunctatus*, C. & V.
*Salarias quadricornis*, C. & V.
*Teuthis nebulosa*, Q. & G.
*Naseus unicornis*, Forsk.
*Acanthurus desjardinii*, Benn.
„ *matoides* (*blochii*), C. & V.
„ *strigosus*, Benn.
„ *triostegus*, L.
*Atherina pinguis*, Lacép.
*Pomacentrus trilineatus*, C. & V.
*Glyphidodon sparoides*, C. & V.
„ *cœlestinus*, C. & V.
*Dascyllus aruanus*, L.
*Chilinus punctatus*, Benn.
*Anampses diadematus*, Rüpp.
*Pseudoscarus harid*, Forsk.
*Plotosus anguillaris*, Bl.
*Tetrodon nigropunctatus*, Bl.
*Balistes aculeatus*, L.
„ *rectangulus*, Bl.
*Ostracion cubicus*, L.
*Diodon hystrix*, L.
